

# **Attention: This Letter is in Place of Our June Newsletter**

## **President's Letter Sue Plagge**

**Greetings All!** Well here we are in the middle of June and still no sign as to when we will resume our Guild Meetings. I spoke with the Pastor of Bethlehem Church and was able to get some clarification. They plan to resume services at their church in July, but the services will take place in the parking lot. At this time, it is unknown when any activities will be held inside the church. This puts us kind of in a bind as to when we will begin having guild meetings and workshops again. We will just have to be patient and wait and see what develops.

New membership books will not be printed at this time, so if you have not sent in your dues you can wait until we begin meeting again. The board is planning to meet in July, so look for more information after that.

This has been a difficult time for all of us. I miss our meetings and workshops. I miss getting together with all of my quilting friends. I miss seeing the beautiful quilts everyone has made. When I see your projects it always motivates me to keep working on mine.

Until we are able to meet again continue to stay safe and happy quilting!
