

## Windmill quilt workshop

This is a lap sized quilt (50" X 70") without a border. You will have enough paper foundations included in the class fee for 140 blocks, which will be sewed (4 paper foundations per block) together to make this sized quilt

### Cutting amounts

From background colors – white through tan – tone on tone, flat colors or print

2 ½ " sq. – 420 sq (840 pieces)

3 ½" sq. – 70 sq. (140 pieces)

4 ½" sq. – 140 sq. (280 pieces)

Color – Medium, brights or dark

2" X 3 ½" – 420 pieces

3 ½" sq. – 70 sq. (140 pieces)

Regular sewing equipment, a machine that allows for shortening of your stitch length, add a quarter ruler – 6" is perfect., small iron & mat for ironing.

Please have at least 1/3 of your fabric amounts precut before class to help you make the blocks scrappy.

If you are working with a black background, please reverse the titles on cutting amounts and make your colors brighter & pastel.

This is meant to be very scrappy. If you do not have adequate scrap variety, plan on getting together with other classmates & have a cutting day.

If you should desire to make a larger quilt, let me (Janet) know and I will give you a price for additional paper foundations and help figure additional cutting amounts, if necessary.
